

ELC Summer Reading

Dear Pre-Kindergarten and Kindergarten Parents:

We invite and encourage each Pre-K and Kindergarten student to participate this summer in our reading program entitled "Wild About Reading!" Reading aloud to your children enhances growth in language development and listening comprehension, and also facilitates the development of story structure, prediction, and critical thinking.

Attached is a reading card to record each book you read to your child. We suggest that you put the card in a place where your child can see the list grow throughout the summer. Please save the card and return it to your child's teacher **ONLY** the first week of school.

In the kindergarten department, each child will receive recognition in the classroom for participation during the summer. There are no rules at the kindergarten level. It's simple – just read! Have Fun!

Sincerely,

Mrs. Cox
